The instructor shall actively participate in college life and activities. Benefits: Paid holidays, health, dental and vision insurance, 401K. Under the supervision of the Dean of Academic Affairs: The Hydrology Instructor shall:

- Teach approximately 12-15 credit hours per semester;
- Assist in the development and implementation of a B.S. degree program in Aaniih Nakoda Ecology;
- Coordinate groundwater monitoring program;
- Perform hydrogeological characterization of reservation waters;
- Serve on management team of the Aaniih Nakoda Nic?-Mní Center;
- Participate in Aaniih Nakoda Nic?-Mní Center outreach and education activities;
- Manage and supervise students in internship placement;
- Serve as the academic advisor to students in environmental science and Aaniih Nakoda Ecology students;
- Serve on the Curriculum Committee and other committees as assigned;
- Perform program annual assessment activities;
- Review Environmental sciences program and collaborate with colleagues for possible revision of the program courses;
- Supervise water technicians and student researchers/interns; and,
- Be willing to work with a full range of college students.

Knowledge and Skills

- Knowledge of and unreserved commitment to Aaniih Nakoda College's mission and philosophy statements;
- Understanding of general higher educational and vocational training;
- Express knowledge and experience in the field of hydrology and environmental science;
- Willingness to help promote and grow program;
- Strong understanding of community service instruction;
- Student advising and transcript evaluation;
- Ability to teach students to use various technologies;
- Gifts of teaching and leadership both in the classroom and outside; and,
- Ability to integrate academic and cultural understanding.

Qualifications

- Doctorate preferred or Masters degree required in hydrology/hydrogeology or related field;
- Two years' experience teaching at the postsecondary level;
- Experience conducting groundwater research and/or monitoring programs;
- Experience performing hydrogeological characterizations;
- Knowledge of the people, lifeways, history, geography, and educational needs of the Fort Belknap Indian Reservation

Salary According to the ANC Salary Scale; commensurate with experience and qualifications.
